

Press Release

The GoGreen partners met in Nicosia, Cyprus for the LTTA of the project between 28th and 30th of June.

During the first day of the Training, the partners explore the Output 1- Training Module 1: *Business- High greenhouse gas (GHG) emissions* which affect the climate, the Training Module 2: *Risk for Penalty/fines*, Training Module 3: *Identify opportunities for significant cost reductions* and the Training Module 4: *Increase marketing image – Corporate social responsibility*.

The second day of the Training, the partners were trained on the following thematic of Output 2: Scenario 1: *Business as Usual Scenario (No change at business policy)*, Scenario 2: *The Company decides to invest in GHG management – energy savings* and Scenario 3: *The Company decides to invest in staff behaviour about GHGs emissions and waste.*

Finally, during the third day, the partners focused on the Scenario 4: *The Company decides to invest in:*

- a. GHG management
- b. Energy savings and
- c. Staff behaviour about GHGs emissions and waste.

The Training was successfully completed and having the two outcomes finalized, the GoGreen partners are moving towards the completion of Output 3 – *Massive Open Online Course (MOOC)* and Output 4 – *Toolkit with Policy & Practice Recommendations*. The MOOC has been set up and will be available online soon.
